# AQUADRAFT<sup>®</sup>C

**PREMIUM ADJUVANT CONCENTRATE** 

### **GENERAL INFORMATION**

AQUADRAFT® C is a blend of surfactants, humectants and water conditioner (ammonium sulfate), designed to be blended with liquid AMS or tank mixed with dry AMS. AQUADRAFT C contains antifoaming agent to minimize foaming.

AQUADRAFT C may be used with pesticides that either require or suggest the use of surfactants and/or ammonium sulfate as the recommended adjuvant.

#### DIRECTIONS FOR USE

AQUADRAFT C should be used at 2-5 oz/acre or .125 - .25% v/v. Other adjuvants may be added for deposition, retention and canopy penetration. Always read and follow the specific pesticide label directions, adjuvant suggestions, rates and mixing instructions.

MIXING: AQUADRAFT C may be blended with liquid AMS. Rates may be adjusted for varied herbicides and weather conditions. As a tank mix adjuvant add AQUADRAFT C to the spray tank first before adding any other tank mix product, unless the tank mix pesticide(s) or additives direct otherwise.

Mixing Order

1. Fill tank 1/2 full of water and begin agitation.

2. Add the required amount of AQUADRAFT C while agitating.

3. Continue filling spray tank with water and add the tank mix components as directed on the pesticide label(s).

#### PRECAUTIONARY STATEMENTS:

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING: Causes eye irritation. Wear protective eyewear.

## PRINCIPAL FUNCTIONING AGENTS:

Sugar based humectant, substituted fatty alkylammonium	
alkylcarboxylate , alkyl poly glucoside	
and Di-ammonium sulfate	53%
Constituents ineffective as spray adjuvant	47%
TOTAL	100%
Components exempt from the requirement of a tolerance in CFR 40 180, 920, 930, 940	, 950, 960 & 25B
Surfactant Content	24%

Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS : Do not contaminate water when cleaning equipment or disposing of equipment washwaters. Avoid release to the environment.

#### FIRST AID:

Have the product container or label with you when calling a poison control center or doctor or going for treatment.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical attention.

#### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Store away from incompatible materials. Nonrefillable container. Do not reuse or refill this container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state or local ACRC recycler, visit the ACRC web page at www.acrecycle. org. Decontaminated containers may also be disposed of in a sanitary landfill.

LIMITED WARRANTY: Meristem Crop Performance Group, LLC. warrants that the Product conforms to the chemical description given on this label and is reasonably fit for the purpose stated when used in accordance with label directions under normal conditions of use. Weristem Crop Performance Group, LLC and Seller make no other warranties, express or implied, including warranty of merchantability or fitness for a particular purpose. Buyer and User accept all risks arising from any use of this Product. To the extent allowed by law, Meristem Crop Performance Group, LLC and seller shall not be liable to the Buyer or User of this Product for any consequential, special, incidental or indirect damages.
