

- This bag contains seed treated with **Mefenoxam, Thiophanate-Methyl and Fludioxonil fungicides** and **Imidacloprid insecticide** at the rate recommended by the manufacturer.
- A biological inoculant has also been applied to this seed.
- The biological inoculant is not claimed effective after: _____

WARNING:

DO NOT USE FOR FOOD, FEED OR OIL PURPOSES. STORE AWAY FROM FEED AND FOODSTUFFS.

KEEP OUT OF REACH OF CHILDREN.

Causes skin irritation. Causes moderate eye irritation. Harmful if swallowed, inhaled or absorbed through the skin. Do not get in eyes, on skin or on clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

Persons opening this bag or loading/pouring the treated seed must wear a long-sleeved shirt, long pants, shoes, socks and chemical resistant gloves.

After seeds have been planted, do not enter or allow worker entry into treated areas during the restricted entry interval (REI) of 24 hours. Exception: Once seeds are planted and covered by soil or other planting media, the Worker Protection Standard (WPS) allows worker to enter the treated area without restriction.

FIRST AID

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF IN EYES: Hold eyes open and rinse slowly and gently with water for 15-20 minutes. Remove contact lens, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have the person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

NOTES:

- Avoid inhalation of treated grain dust.
- Exposed treated seeds may be hazardous to birds and other wildlife. Dispose of all excess treated seeds and seed packaging by burial away from bodies of water.
- Seed treated with this product does not flow as freely as untreated seed. Make adjustments to compensate for this restricted seed flow to prevent lower than desired seeding rates.
