RACEREADY™

COMPLETE

SEED TREATMENT

CONTAINS BENEFICIAL SUBSTANCES

Bradyrhizobium japonicum1x10¹⁰ cfu/ml
Trichoderma virens2x10⁸ cfu/ml

PRODUCT DESCRIPTION

RaceReady™ Complete is a soybean treatment made with a unique blend of effective Rhizobia strains that allow for performance under a wide variety of soils. Application is fast and easy, and is compatible with other seed treatments.

DIRECTIONS FOR USE

RaceReady Complete is an all liquid system designed for use in a liquid tank mix in commercial seed treatment systems. For good seed coverage, it is recommended that the total liquid slurry be a minimum of 2.5 fl. oz. per 140k unit of soybean seed - (RaceReady Complete, nonchlorinated water and approved liquid seed treatments). Experienced seed treaters may choose to decrease the total volume applied.

1. Prior to adding RaceReady Complete to the tank, shake well all three components (liquid rhizobia, extender, liquid trichoderma).
2. All three RaceReady Complete components (liquid rhizobia, extender, liquid trichoderma) are to be used together.
3. Gradually pour RaceReady Complete components into non-chlorinated water or approved liquid seed treatments.
4. When all three components are combined (liquid rhizobia, extender, liquid trichoderma) the mixture is ready to apply.

See more detailed directions and Technical Information on enclosed sheet.

KEEP OUT OF REACH OF CHILDREN

STORAGE AND DISPOSAL

Protect product from excessive heat. Store in a cool place between 40° F and 77° F out of direct sunlight. Do not allow to freeze. Open packages only when ready to use. Use entire contents after opening.

PRECAUTIONARY STATEMENTS

RaceReady Complete may be used on either untreated seed or seed that has been treated with a fungicide or insecticide. For seed treated with a fungicide or insecticide, wear appropriate PPE to avoid direct skin contact, and follow the caution statements of the other treatments. In case of direct contact with skin or eyes, immediately flush the exposed area with water. Seek medical attention if irritation develops or persists.

LIMITED WARRANTY: Meristem Crop Performance Group, Inc. warrants that the Product conforms to the chemical description given on this label and is reasonably fit for the purpose stated when used in accordance with label directions under normal conditions of use. Meristem Crop Performance Group, Inc and Seller make no other warranties, express or implied, including warranty of merchantability or fitness for a particular purpose. Buyer and User accept all risks arising from any use of this Product. To the extent allowed by law, Meristem Crop Performance Group, Inc and the Seller shall not be liable to the Buyer or User of this Product for any consequential, special, incidental or indirect damages.
