BASE

## PRODUCT DESCRIPTION

IonLock™ Zn-C+ Ether is a seed fluency and nutrient planter box delivery system for use in corn. It is formulated to improve plant health, enhance nutrient utilization in the soil and serve as a food source for microbials.

## RATE RECOMMENDATIONS

The combined products (1 pail) treat 50 units of corn at 80k seeds per unit.

For single-row unit planters, use the enclosed scoop to measure out blended contents. One scoop treats 1 unit (80k seeds) corn.

## DIRECTIONS FOR USE

Before each application, remove safety clips from side of pail.

**KEEP OUT OF REACH OF CHILDREN  
DANGER**

Harmful if inhaled. May cause cancer. Causes damage to organs through prolonged or repeated exposure. For more details regarding hazards and first aid measures, refer to the current Safety Data Sheet available for this product.

## STORAGE & DISPOSAL

**Storage:** Keep in a cool, dry place. Keep out of direct sunlight. Do not exceed storage in 77°F and above for an extended period of time. Do not freeze product.

**Disposal:** Dispose of all waste in accordance with local, state, and federal regulations.

LIMITED WARRANTY: Meristem Crop Performance Group, LLC. ("MCPG") warrants that the Product conforms to the ingredients specified on this label and is reasonably fit for the purpose stated when used in accordance with label directions under normal conditions of use. MCPG and Seller are not responsible for any damages, injuries, or other negative consequences that may result from this Product being mixed or combined with other substances or products. MCPG and Seller make no other warranties, express or implied, including warranty of merchantability or fitness for a particular purpose. Buyer and User accept all risks arising from any use of this Product. To the extent allowed by law, MCPG and the Seller shall not be liable to the Buyer or User of this Product for any consequential, special, incidental or indirect damages.
